SmartDock™

The SmartDock App uses the iPhone to give extra functionality and an improved user interface for SmartDock compatible GEAR4 speakers:

FM Radio:

- Use iPhone's touch screen to scroll through stations
- Use RDS technology to display track data
- Pause and rewind live radio
- Auto scan – automatically finds and stores clearest frequencies

Alarm Clock:

- Sync and interact with speaker's alarm clock function
- Add alarm clock functionality to speaker (if not present)
- Fully customisable alarms

Media Player with Visualiser:

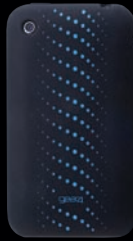

- Use iPhone / iPod interface to control music playback and playlists

iPhone Accessories

BlackIce™ PG674
